Child Care Aware[®] of Missouri attempts to collect data annually on all child care, early learning, and after-school programs. The data above only includes those programs that chose to report their cost data, and does not reflect all child care programs in Missouri. If no cost data is included for a county, this means no data has been provided by child care programs in that area. Fees of child care, early learning, and after-school programs may change frequently, and individual child care, early learning, or after-school programs should always be contacted for exact fees.
