

Educator "SPOTLIGHT" Nominations

We would like to spotlight one of our Network members monthly!

Do you know a FCCN member that is an inspiration to you or others in the early childhood field? They may be a current educator, an advocate working for the children and families in MO. Is there a family child care home that goes above and beyond all expectations, that supports children in unbelievable ways. If so, we want to know about them!

Please nominate as many members as you think deserve the spotlight and we'll do the rest! If selected, a SPOTLIGHT article will be placed into the Weekly Update (e-news) and the nominee will receive a congratulatory certificate from Family Child Care Network.
